Large Scale Ordnance Survey Maps

Current large scale Ordnance Survey maps at scales of 1:1,250, 1:2,500 and 1:10,000 are no longer published. Instead, sheets are printed-on-demand from digital data at retail outlets. For print-on-demand services (including planning application maps) see www.ordnancesurvey.co.uk/resources/planning-application-maps.html or take a look at the list of OS Partners at www.ordnancesurvey.co.uk/business-and-government/partners/index.html.

Blackwell’s Mapping Services https://blackwells.co.uk/bookshop/mapping can provide Superplan (1:1,250 / 1:2,500) and Landplan (1:10,000) plots as well as plans for planning applications and digital data. Instant downloads are available at https://shop.blackwellmapping.co.uk Maps are not printed in Cambridge branch of Heffers/Blackwell’s but someone there may be able to help.

Also see the OS OpenData web site – www.ordnancesurvey.co.uk/business-government/tools-support/open-data-support – from which it is possible to access a selection of OS mapping datasets for Great Britain.

See also Information Sheet 1D - Where to buy Ordnance Survey Maps.
• Apart from various online sources, bookshops and outdoor leisure shops in other parts of the country will, as in Cambridge, stock varying ranges of OS and other maps.

• Listed below are some of the larger map and globe suppliers in England and Wales.

• The **International Map Industry Association (IMIA)** [http://www.imiamaps.org/](http://www.imiamaps.org/) also provides addresses and direct links to map stores and publishers that are members of the Association (Use the ‘Search’ button).
