

## Uncatalogued Collections

Some categories of material are not fully catalogued and these items will not, therefore, be found easily in the [online](#) or [card](#) catalogues or in [ArchiveSearch](#).

A brief listing of these uncatalogued items and collections is given below. For more information please consult a member of staff.

Further information about the card and online catalogues can be found in Cambridge University Library Map Department [Information Sheets 5A and 5C](#), or ask a member of staff.

Ask a member of staff for help.
