
LIST of Geographic Headings in Cambridge University Library Map Department Card Catalogue - GREAT BRITAIN AND IRELAND

The Geographic Headings in this list have been grouped as follows: Great Britain, England, Wales, Scotland, Isle of Man, Channel Islands, Ireland. Then in alphabetical order by county or feature (Hills, regions, roads, paths - Lakes - Railways - Rivers and canals - Seas and sea features). Then alphabetically by Card Catalogue Geographic Heading

There may be 1 card filed under a heading, or over 100. Locations in the sea may have been assigned to an ocean area (e.g. North Sea) or to the nearest county or country so for these it may be best to do a word search. Extracts from this list or alternative arrangements can be supplied by Map Department staff. Also let us know if you find any errors or omissions. Contact us on maps@lib.cam.ac.uk
