A Personal History of the
Royal Greenwich Observatory
at Herstmonceux Castle
1948 – 1990

By George A. Wilkins

Sidford, Devon: 2009

A copy of this History is on deposit in the Royal Greenwich Observatory Archives located with the Scientific Manuscripts Collections of the Department of Manuscripts and University Archives in the Cambridge University Library.

This History is published in two volumes on the web-site of the Cambridge University Library, from where it may be downloaded and printed in whole or in part only for the personal use of the reader.

2009 September 27: This version, Preface dated 2009 May 14, was made from the Word Document received 2009 September 26.

CONTENTS

1	PROLOGUE	15
1.1	A brief history of the Royal Observatory to 1948	15
1.2	The decision to move to Herstmonceux Castle	17
1.3	The Herstmonceux Castle Estate	20
1.4	The preparations for the move to Herstmonceux Castle.....	21
1.5	The background of the author	22
2	THE FIRST PHASE OF THE MOVE – 1948-1955	24
2.1	Introduction.....	24
2.1.1	The initial moves to Herstmonceux	24
2.1.2	Staff matters	25
2.1.2.1	Housing, the hostel and the canteen.....	25
2.1.2.2	Transport arrangements	26
2.1.2.3	Grading of staff.....	27
2.1.2.4	Hours and leave	27
2.1.2.5	The staff club	28
2.1.3	My early days at Herstmonceux Castle (1951-1955)	28
2.2	H.M. Nautical Almanac Office (NAO)	30
2.2.1	The place of the NAO in the RGO	30
2.2.2	The structure and basic activities of the NAO.....	31
2.2.3	General aspects of work in the NAO	32
2.2.3.1	Training.....	32
2.2.3.2	Formalities	33
2.2.3.3	Services.....	33
2.2.3.4	Cooperation and attribution	34
2.2.4	The astronomical work of the NAO	34
2.2.4.1	The fundamental ephemerides	34
2.2.4.2	Planetary Co-ordinates.....	36
2.2.4.3	The lunar occultation programme.....	36
2.2.4.4	Apparent Places of Fundamental Stars	38
2.2.5	The navigational and geodetic work of the NAO.....	38
2.2.5.1	The navigational almanacs and tables	38
2.2.5.2	Unification of the Almanacs	39
2.2.5.3	Decca charts	39
2.2.5.4	The Star Almanac for Land Surveyors	40
2.2.6	Computational facilities and procedures.....	40
2.2.6.1	Computers and calculating machines	40
2.2.6.2	Mistakes in computations	42
2.2.6.3	The National machines	43
2.2.6.4	The basic punched-card machines	43
2.2.6.5	The IBM 602A calculating punch	45
2.2.6.6	The IBM card-controlled typewriter.....	45
2.2.6.7	Thoughts of an electronic computer	47
2.2.7	Other aspects of the work of the Office.....	47
2.2.7.1	Calendarial information	47

2.2.7.2	International Astronomical Union.....	47
2.2.7.3	Ephemeris time.....	49
2.2.7.4	Interpolation and Allied Tables.....	49
2.2.7.5	Visits by H.M.S. Dryad.....	50
2.2.7.6	The NAO Library	51
2.2.7.7	'Copies'	52
2.2.8	Participation in external organisations	52
2.2.8.1	Royal Astronomical Society.....	52
2.2.8.2	Institute of Navigation.....	55
2.3	The Solar and M&M Departments: solar/terrestrial relations.....	55
2.3.1	The building of the Solar Dome	55
2.3.2	Work of the Solar Department	56
2.3.3	Work in geomagnetism	57
2.3.4	Work in meteorology	59
2.3.5	Relationships with geodesy and geophysics	60
2.4	The Chronometer Department.....	61
2.4.1	A brief history of the chronometer work of the RGO	61
2.4.2	The Chronometer Workshop.....	63
2.4.3	The Chronometer Office	64
2.5	The Meridian Department	64
2.5.1	The work of the Meridian Department.....	64
2.5.2	The Meridian Group and the move from Greenwich.....	67
2.6	Other departments	68
2.6.1	The Time Department	68
2.6.2	The Astrometry and Astrophysics Department.....	70
2.6.2.1	Observing at Greenwich.....	70
2.6.2.2	Eclipse expeditions.....	71
2.6.2.3	Accommodation at Herstmonceux	71
2.6.3	The Observatory Workshop at Greenwich.....	72
2.6.4	The General Office.....	72
2.6.5	The main RGO Library	74
2.7	Other aspects	76
2.7.1	The design and construction of the new buildings.....	76
2.7.2	Thomas Gold and the new astronomy.....	78
2.7.3	The Isaac Newton Observatory	80
2.7.4	The Castle, gardens and grounds.....	80
2.7.4.1	The Castle.....	80
2.7.4.2	The gardens and grounds.....	82
2.7.5	The Old Royal Observatory at Greenwich.....	83
2.8	The role of the Astronomer Royal.....	84
2.8.1	The early career of H. S. Jones.....	84
2.8.2	Spencer Jones as Director of the RGO.....	84
2.8.3	National offices and honours.....	85
2.8.4	International activities	86
3	COMPLETION OF THE MOVE AND CONSOLIDATION – 1956-1965.....	88
3.1	The impact of Richard Woolley	88
3.1.1	Career and appointment of Woolley	88
3.1.2	Policy on activities and administration of the RGO.....	89
3.1.2.1	Priority to astrophysical research	89

3.1.2.2	Attitude to space research and radio astronomy	89
3.1.2.3	New RGO publications	90
3.1.2.4	Relationships with staff	90
3.1.3	External relations	91
3.1.3.1	Royal Observatory at the Cape of Good Hope	92
3.1.3.2	Use of other overseas telescopes	92
3.1.3.3	Anglo-Australian Observatory	93
3.1.3.4	Herstmonceux conferences	93
3.1.3.5	University of Sussex	93
3.1.4	Woolley's other interests	93
3.2	Completion of the new buildings and moves of staff	94
3.2.1	The West Building	94
3.2.2	The Equatorial Group	96
3.2.3	The Meridian Group	97
3.2.4	Magnetic and meteorological stations	98
3.2.5	Visit by the Duke of Edinburgh	98
3.3	Departmental developments	98
3.3.1	H. M. Nautical Almanac Office	98
3.3.1.1	Publications	98
3.3.1.2	Computers	101
3.3.1.3	Research activities	104
3.3.1.4	International Astronomical Union	105
3.3.2	Meridian, Time and Chronometer Departments	106
3.3.2.1	Observational activities	106
3.3.2.2	Time service	107
3.3.2.3	Chronometers	107
3.3.3	Solar and geophysical studies	108
3.3.3.1	Solar observations	108
3.3.3.2	Magnetic and meteorological operations	109
3.3.3.3	Kinetheodolite observations	109
3.3.4	Astrophysics and astrometry	110
3.3.4.1	Appointments	110
3.3.4.2	Observing at Herstmonceux	111
3.3.4.3	Use of telescopes in other countries	111
3.3.5	Aspects of Engineering	111
3.4	General matters	112
3.4.1	Annual reports	112
3.4.2	The RGO and NAO Libraries	113
3.4.3	The RGO Archives	114
3.4.4	The Secretariat	115
3.4.5	Training and students	116
3.4.6	The RGO Club	117
3.4.7	NAO Reunion in 1963	118
4	CHANGE OF CONTROL - PHASE 1 – 1965-1971	119
4.1	The change from control by the Ministry of Defence	119
4.1.1	The establishment of the Science Research Council	119
4.1.2	The immediate effects on the RGO	120
4.2	Major new developments	123
4.2.1	The installation of the ICT 1909 computer	123

4.2.1.1	More about the comparison with other contemporary computers.....	124
4.2.1.2	The hardware characteristics of the ICT 1909 computer	124
4.2.2	The completion of the Isaac Newton Telescope	125
4.2.2.1	Commissioning and use of the INT.....	126
4.2.3	The new Physics building	127
4.3	Other departmental matters	127
4.3.1	Astrophysics and astrometry	127
4.3.2	Engineering and instrument development.....	127
4.3.3	Time Department.....	129
4.3.3.1	Atomic frequency standards.....	129
4.3.3.2	Universal time and latitude	129
4.3.3.3	Contributions by Humphry Smith	130
4.3.3.4	Changes in international timescales	130
4.3.4	H. M. Nautical Almanac Office	131
4.3.4.1	NAO publications.....	131
4.3.4.2	Computer composition	133
4.3.4.3	Occultations.....	134
4.3.4.4	Dynamics and planetary sciences.....	134
4.3.4.5	Computer Section.....	135
4.3.4.6	Kinetheodolite observations of satellites.....	136
4.3.4.7	Participation by Donald Sadler and others in IAU activities	136
4.3.4.8	Retirement of Donald Sadler.....	138
4.3.5	The Solar and Magnetic Departments.....	138
4.3.6	The RGO and NAO libraries.....	138
4.4	General administrative matters.....	139
4.5	External affairs	140
4.5.1	University of Sussex.....	140
4.5.2	Use of telescopes overseas	140
4.5.3	Anglo-Australian Telescope project.....	141
4.5.4	Royal Astronomical Society.....	141
4.6	The retirement of Sir Richard Woolley.....	142
5	S.R.C. TAKES CONTROL – 1972-1981	143
5.1	Introduction	143
5.2	The Burbidge period, 1972 to 1973	143
5.3	The Hunter period, 1973 to 1975	145
5.3.1	The Northern Hemisphere Observatory	147
5.3.2	Celebration of the Tercentenary	148
5.4	The Graham Smith period, 1976 to 1981	149
5.5	Departmental matters 1972 to 1981	151
5.5.1	Engineering and technology	151
5.5.1.1	The La Palma Division.....	151
5.5.1.2	Engineering Division.....	152
5.5.1.3	Instrumental Science Division	152
5.5.2	Astrophysics and astrometry	153
5.5.2.1	Research teams.....	153
5.5.2.2	Meridian Department	153
5.5.2.3	Photographic Astrometry Department	153
5.5.3	Developments in computing.....	153
5.5.3.1	The central computer facilities	153

5.5.3.2	On-line and other computer facilities	155
5.5.3.3	New facilities for document preparation	156
5.5.3.4	Changes of staff and new developments.....	156
5.5.4	H. M. Nautical Almanac Office.....	157
5.5.4.1	Retirements of Donald and Flora Sadler.....	157
5.5.4.2	Other NAO staff matters.....	158
5.5.4.3	NAO publications	159
5.5.4.4	Occultations	161
5.5.4.5	Dynamics	163
5.5.4.6	Lunar and satellite laser ranging.....	163
5.5.4.7	Other international activities.....	165
5.5.5	Solar Department and meteorology	167
5.5.6	Time Department	168
5.5.6.1	Introduction of the new definition of UTC.....	168
5.5.6.2	Atomic time and related activities	169
5.5.6.3	Earth rotation and geodesy	170
5.5.6.4	Satellite laser ranging.....	170
5.5.7	Libraries and archives	171
5.5.7.1	Archives	172
5.5.7.2	Information retrieval.....	173
5.5.8	General matters	173
5.5.8.1	Administration Division	173
5.5.8.2	Conferences and education	174
5.5.8.3	Training.....	175
5.5.8.4	Public exhibition	175
5.5.8.5	Public Information	176
5.5.8.6	Miscellany.....	176
5.5.8.7	Scientific societies	177
5.6	Overview.....	177
6	END OF AN ERA – ALEC BOKSENBERG – 1981-1990.....	178
6.1	A change in administrative style and policy	178
6.1.1	Changes in the senior administrative staff.....	178
6.1.2	Other senior staff and the divisional structure	179
6.1.3	Publicity and reports	179
6.1.4	The ‘brown-envelope exercise’	182
6.2	A second round of reviews	182
6.2.1	The Rayner Review 1983	183
6.2.2	The Willmore Panel 1983/4.....	183
6.2.3	The SERC Secretary’s Panel 1985	183
6.2.4	The “Hands-off” and “Save RGO” Campaigns.....	184
6.3	Departmental activities 1981 to 1990	184
6.3.1	La Palma and related activities	185
6.3.1.1	Organisation and staffing for La Palma.....	185
6.3.1.2	The telescopes and instruments on La Palma	186
6.3.1.3	Engineering and instrument development	187
6.3.2	Astrophysics and astrometry.....	187
6.3.2.1	Astrophysical research.....	187
6.3.2.2	Astrometry	188
6.3.2.3	Developments in computing.....	189

6.3.3	H. M. Nautical Almanac Office	190
6.3.3.1	NAO publications and data services	191
6.3.3.2	Dynamical astronomy (except SLR)	193
6.3.4	The Time Department and space geodesy.....	193
6.3.4.1	The Greenwich Time Service.....	194
6.3.4.2	Satellite laser ranging	195
6.3.4.3	Other satellite tracking activities.....	197
6.3.4.4	Rotation of the Earth — Project MERIT and the IERS	199
6.3.4.5	Other national activities	202
6.3.5	The libraries and archives	202
6.3.5.1	Changes in the library services.....	203
6.3.5.2	The conservation laboratory	204
6.3.5.3	The archives and the Laurie Project.....	204
6.3.5.4	The use of the archives.....	205
6.3.6	Other international activities	206
6.3.7	Administration.....	207
6.4	General activities in 1981 to 1990.....	208
6.4.1	Scientific administration and public relations	208
6.4.1.1	The Castle as a visitor and conference centre	208
6.4.1.2	National Astronomy Week & Comet Halley	210
6.4.2	Various staff matters	210
6.4.3	Other events and activities	211
6.5	The relocation to Cambridge.....	211
6.5.1	Administration.....	212
6.5.2	Castle.....	212
6.5.3	Library and archives.....	213
6.5.4	EQ Group	214
6.5.5	Astrodynamics.....	214
6.5.5.1	H. M. Nautical Almanac Office	214
6.5.5.2	Satellite tracking.....	215
6.5.6	Other instruments and equipment	215
6.5.7	University of Sussex.....	216
6.5.8	Effects on the staff.....	216
6.5.9	New building at Cambridge	217
6.5.10	Changes and events on my retirement.....	217
7	THE MOVE TO CAMBRIDGE AND CLOSURE – 1990-1998.....	218
7.1	Introduction	218
7.2	Reviews of policy by SERC and PPARC	219
7.3	Activities at Cambridge.....	219
7.3.1	H. M. Nautical Almanac Office	220
7.3.2	The RGO Library	221
7.3.3	The RGO Archives.....	222
7.3.4	The RGO collection of astronomical plates	223
7.3.5	Satellite Laser Ranging Department	223
7.3.6	The RGO Club, reunions and the RGO Society.....	224
7.4	Herstmonceux Castle and the International Study Centre	225
7.5	Old Royal Observatory at Greenwich	226
7.6	Conferences relating to the RGO and NAO.....	226

8	EPILOGUE.....	229
	REVIEW, WITH HINDSIGHT, OF PRINCIPAL DECISIONS.....	229
8.1	The move to Herstmonceux and the location of the INT	229
8.2	Opting out of radio and space astronomy	230
8.3	Relations with South Africa, Australia and Europe.....	231
8.4	Transfer to the Science Research Council	231
8.5	The overseas observatories	232
8.6	Move to Cambridge and closure.....	232

SUMMARY OF CONTENTS OF VOLUME 2

APPENDICES

	Preface	3
	Contents	5
A.	Unpublished articles and notes	9
B.	Various notes and memoranda	32
C.	Staff structure and conditions of service	42
D.	The RGO Club at Herstmonceux Castle	70
E.	Buildings, telescopes and equipment	91
F.	Publications by the RGO	101
G.	References about the RGO	109
